Easy and convenient barrier systems to manage
queues, control crowds and create temporary areas

Custom Light Boxs

LED lightbox range combines stunning graphic illumination with instant, tool-free assembly. For ease of transportation and storage, the aluminium LED frames are lightweight and come in a handy carry case. Simply update the graphics, for a fresh and sustainable way to transform spaces with light.

Most Popular
Pixlip POP Backlit Display

850mm x 2000mm Single Sided

Pixlip POP is the first mobile backlit alternative to the classic roll-up and conventional banner display. The efficient integrated LED backlighting grabs the attention making it ideal for POS across exhibitions, events and much more.

With Pixlip POP you get maximum attention!

When compared to conventional roll-ups, sales of the Pixlip Pop have shown to increase exponentially thanks to the ease of graphic change, illumination effect, simple assembly and lightweight construction which makes it easy to transport. With the average life expectancy of a Pixlip POP illuminated frame being 10 years, you can keep providing your customer with replacement prints throughout this time.

Thanks to the simple plug-in system and the lightweight thin aluminium construction, all components can be assembled without tools. Disassembled into individual parts PIXLIP POP weights only 5kg, making it easy to store and transport.

PIXLIP POP backlighting is not provided by LED modules installed on the side, but by narrow LED strips which enables a particularly narrow frame depth of only 75mm! When rolled up, the flexible LED panel can be packed into a practical carrying bag to save space.

The individually designed textile prints make every Pixlip POP advertising banner a unique eyecatcher. Unlike roll-up banners, the printed textile can be exchanged, reused or replaced at any time.

LED Magnetic Modular Unit

1000mm x 2000mm Double Sided

LED Lightbox

Formulative Walls

Formulate Monolith Eco

The Formulate Monolith Eco is an ideal alternative to a roller banner as it provides a cost effective option for the budget conscious whilst delivering an uninterrupted double-sided stretch fabric display. It comes with powder coated steel feet for increased stability that connect to the aluminium tubular frame. The tension graphic hugs the frame and is zipped at the base to hold it in place.

Material	Aluminium tubes, powder coated steel feet
Tube	25mm
Assembly	Push-fit, tool-free
Graphic area	Single or double-sided
Graphic attachment	Tension fabric graphic
Application	Free-standing with feet (included)
Transport	Simple carry bag

800 mm	FORM-MON-ECO-800	800(w) x 2009(h) x 378(d) mm
1000 mm	FORM-MON-ECO-1000	1000(w) x 2009(h) x 378(d) mm

Bungee tubes

Numbered system on tubes for easy assembly

Formulate Straight

Formulate Straight backwalls are constructed of lightweight 30mm diameter push-fit aluminium tubing for tool-free simple deployment. Complete with optional double-sided dye-sublimated tension-fit fabric graphics that zip at the base to perfectly contour the shaped aluminium structure and maximize your brand message. Formulate displays offer a variety of great shapes with clean lines, ideal for creating picture backwalls or defining areas in rooms by screening or zoning.

Material	Aluminium tubing
Tube	Ø 30 mm
Assembly	Push-fit / Allen key
Shape	Straight
Graphic area	Double-sided
Graphic attachment	Zipped tension fabric graphic
Application	Free-standing with feet (included)

Model	Flag dimensions (width x height)
2.4m	2520 x 2360mm
3m	2976 x 2400mm
6m	5975 x 2470mm

Portable Display Banners are ideal for a temporary but stable communications tool.

Display Banners

Affordable by nature, the roller banner range delivers a convenient, tool-free solution, with retractable graphics that deploy in seconds. Choose from a range of indoor or outdoor designs that best suits your application, with single or double-sided graphic options.

Tension banners are constructed of lightweight materials and offer the best value for money.

Roller banners

Economy

The Wasp roller banner is an entry level product, ideal for short-term events or displays, where cost is a primary consideration. Despite its affordable price, Wasp is made to exacting quality standards and carries a full manufacturer's warranty, so you can be confident it will perform as expected.

Custom Table Cloths

If you already have a display table and are looking for custom printed tablecloth to promote your messaging, then contact us for a custom made quote. So wheather you are looking for a large table cloth with hem, or smaller option with a slim silhouette, we can create a striking made to measure graphic to suit.

Ask about our custom printed tablecloths to promote your messaging

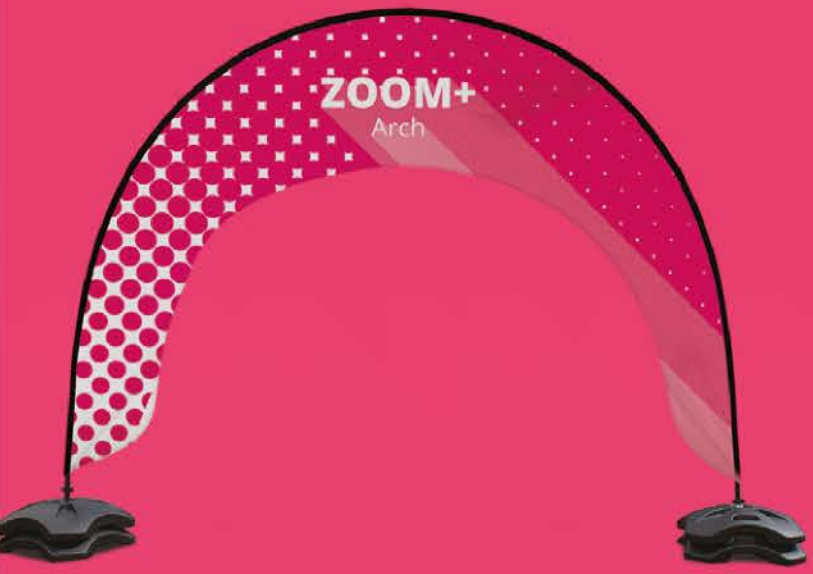

Draw attention to branding, products, services, or business premises with custom printed flags.

Instantly noticeable due to their height, shape, and movement, our all-fibre flag poles are durable and flexible, easy to assemble and quick to deploy, making them an extremely effective means of advertising.

Choose from a range of free-standing, post / wall mounted, mobile and specialist hardware that can be used in a variety of applications such as car forecourts, festivals, and beach flags.

Alternatively, deploy taller or multiple flags to increase visibility and attention to branding. Our all-fibre flag poles are reusable with interchangeable graphics for greater return on investment. To protect this investment, it is recommended that flags be kept securely in place by selecting an appropriate base suitable for the desired application and location from the specifically designed range.

Flags

Available as single or double-sided options and printed using hardy, UV resistant media, flag graphics can be utilised indoors or outside with standard or custom flag shapes.

Free-standing flags

Tear Drop / Feather

Tear Drop + Feather flags are a popular and versatile, lightweight flexible flag system, with black finish all fibre poles. Choose Feather, Tear Drop shaped graphics. Mobile flags

Street Flag

Street flag is the ideal advertising medium when on the move or when you want to attract attention in a crowded space! Perfectly suited to promote events, highlight presence at trade shows or to organise a group of people on excursions! Rugged and lightweight, the backpack can be used with four different flag shapes and comes complete with fibre poles.

Material	Reinforced nylon backpack, fibre poles
Graphic area	Single-sided
Graphic attachment	Pole pocket
Graphic shapes	Feather - Quill - Edge - X-banner

Street Flag	UF-ZMSTF-01	310(w) x 540(h) x 80(d) mm

One bag can be used with 4 flag shapes!

Zipped compartment to store graphics

Reinforced shoulder straps, adjustable strap and side mesh pocket

Storage for poles and rods

Take advantage of outdoor events with a temporary structure and create additional marketing opportunities.

Offer customers protection and shelter from the weather by choosing custom-printed tents that also provide an attractive brand marketing solution.

Conventional pop-up tents and gazebos are fantastic outdoor or indoor structures which provide a unique way to advertise in a vibrant impactful manner with fully printed canopies and walls.

Constructed from robust steel or aluminium in a variety of sizes that are easy to transport, assemble, deploy and pack away, pop-up tents are ideal for short term events, fairs and exhibitions.

Tents

For a more unique and unconventional structure, choose the Bora Inflatable Tent. Simple to inflate for rapid deployment with an appealing eye-catching shape, the Bora, like pop-up tents, also offers optional printed canopies and walls. Customisable areas make highly effective brand messaging, ensuring maximum impact at events. As with all custom-printed graphics, they can easily be replaced so that hardware is used multiple times, improving return on investment.

Pop-up tents

Tent Eco

The Zoom Tent Eco is the most cost-effective gazebo in our range. Quick and easy to deploy, the 3x3m tent can easily accommodate a 2.4m wide table making it a great solution for street markets, golf days or sporting events. Made from steel with a white powder coated finish, the frame easily shelters up to five people and folds completely into a portable wheeled carry bag. Custom fully printed canopy and walling is an optional extra.

Material	Steel frame, plastic joins
Graphic area	Double-sided (wall) / single-sided (canopy)
Graphic attachment	Hook and loop
Ground fixing	Pegs and ropes (included)
Wind resistance	Up to 18 mph / 29 km/h
Transport	Wheeled standard bag

Model	Height	Flag dimensions (width x height)
S	300 cm	300 x 300 cm
M	450 cm	300x 450 cm
L	600 cm	300 x 600 cm

Flag Fabric

115 g/m² flag fabric

Waterproof Fabric

180 g/m² waterproof fabric

Locking post

Winder for opening and closing

Bracket to attach a Zoom+ flag (optional)
ZT-FCB

Gazebo accesories

Gazebo wall

The wall can be made from one of the following fabrics:

100% polyester fabric 115 g/m².
100% polyester waterproof fabric of 180 g/m².

Both with the following characteristics:
- Weave: 50% weft and 50% warp.
- Double stitched with special thread for outdoor use.
- Double hem with a width of 10 mm.
- 7 mm symmetrical double stitching (1.5 mm from the edges).
- Stitch width: 5 mm.

Gazebo wall with door

The wall can be made of 100% polyester 180 g/m² waterproof fabric.

Both with the following characteristics:
- Weave: 50% weft and 50% warp.
- Double stitched with special thread for outdoor use.
- Double hem with a width of 10 mm.
- 7 mm symmetrical double stitching (1.5 mm from the edges).
- Stitch width: 5 mm.

Gazebo wall with window

The wall with window is made of the following fabric:

Waterproof tent fabric 100% polyester 180 g/m².

Both with the following characteristics:
- Weave: 50% weft and 50% warp.
- Double stitched with special thread for outdoor use.
- Double hem with a width of 10 mm.
- 7 mm symmetrical double stitching (1.5 mm from the edges).
- Stitch width: 5 mm.

Gazebo counter wall

Offer your customers counter walls for their 3x3 and 3x4.5 metre tents. With them you can personalise the tents, enhance the commercial effect and add functionalities. These counter walls have a bar attached to the legs by means of clamps that provide greater solidity and security to the tent.

Gazebo base

Made of hardened plastic.
Colour / Dark grey.
Dimensions: Width: 38 cm. / Length: 38 cm. / Height: 15 cm.

Weight / Approx. 1.2 kg (empty).
Once filled with water or sand, it can weigh up to 10 kg.

For outdoor and indoor use.
It is recommended to purchase 4 bases, one for each leg, to keep the gazebo balanced.
Already assembled. Has a safety lock and a handle for easy transport.

Temporary counters add a professional touch to any exhibition, event or retail environment.

They provide a useful area for display or presentation space, and the ability to add a graphic creates additional marketing opportunities as well as offering a convenient storage facility.

Our counters are available in a range of price points and shapes, depending on requirements.
Add impact to a welcome desk or a reception area in a public space with an illuminated counter or choose an outdoor option to promote a product or service at an open-air event.

Counters

Counters are the perfect partner for a promotional display or event to complement a backdrop or add focus to an area and are the ideal companions for any marketing campaign.

Promotional counters

Pop-up Counta

The Pop-up Counta is convenient lightweight pop-up counter that offers a substantial area to welcome guests yet packs down for easy transportation in a reinforced D-shaped wheeled trolley case.
The counter comes with shelves for storage and a beech-coloured counter-top. Often used for exhibitions, in supermarkets as a demonstration unit and for events.

Material	Aluminium, plastic and MDF tabletop
Assembly	Self-locking magnetic
Collapsible	Yes
Counter top	Foldable - Beech colour
Shelves	4
Load bearing	25 kg
Shelf bearing	3 kg
Graphic attachment	Magnetic hangers, bars and tape (included). Suitable for 440 microns min. substrate (optional extra)
Transport	1 Wheeled trolley case

Transport	Carry bag with internal flap

Formulate Oval Counter	FORM-OVAL-CNTR	565(w x 1020(h)) x 397(d) mm

Silicone Edged Graphics (SEG)

Load bearing maximum: 50kg

Barrier systems improve queue management and help with crowd control.

For pedestrian control, café barriers can be used to make an attractive, professional and functional barrier, creating a temporary space that can be easily reconfigured to suit your needs.

Café barriers are easy to store, assemble, deploy and move to suit your requirements. They are available in economy and premium solutions, depending on your application and budget.

Barriers

Queue management systems can be used to control queues, providing structured and manageable lanes to help marshal customers and are also suitable for indoor or outdoor use.

Pedestrian control barriers

A cost-effective way of defining areas outside restaurants, bars, shopping centre and coffee shops, a complete Café Barrier system requires two posts and bases. To secure the graphic, there are two options; dependent on budget and where the system is being deployed.
If the Café Barrier is exposed to strong winds, we recommend a two-rail option ensuring the graphic is secured top and bottom to each post and base. If winds are not an issue but the budget is tight, then we suggest a single rail with two spring clips securing the bottom of the graphic.
Rails are available in 1m, 1.5m and 2m sizes, so it is quick and easy to calculate the number of café barriers required to define your space. To connect multiple barriers, add a choice of rails/spring clips plus one additional pole and base. For vibrant hardwearing graphics we can print on PVC.

Economy Café

Material	Aluminium
Graphic area	Double-sided / or single-sided
Graphic attachment	Looped top rail. Looped bottom rail or spring clips
Weight	9.13 kg

Graphic rail 1000 mm	UB214-1000	1140(w) x 25(h) mm
